Available functions and features may vary by country, region, and language.  
Other supported languages may be added in the future. Device and screen images simulated for illustrative purposes.  
Samsung Account login is required for certain AI features.

# The beginning of a new era.

## Open means business

The world of work is changing faster than ever. With AI integrated in the Galaxy S24 Series, say goodbye to mundane tasks, and hello to optimising your time.

It's time to open your world to Galaxy for Work with the new Galaxy S24 Series. Enjoy seamless productivity and next-level efficiency in this **open ecosystem** – designed to empower your business in every way.

In our current world of volatility, businesses have to be even more resilient to thrive. Often they require additional security to ensure their data is protected. With Samsung Knox, businesses can be assured of end-to-end protection and real-time threat detection to ensure greater security.

# Open means Optimised

Stay productive and agile with the new Galaxy S24 Series. Designed to keep you at the peak of performance – wherever your work takes you.

## Run longer and more efficiently

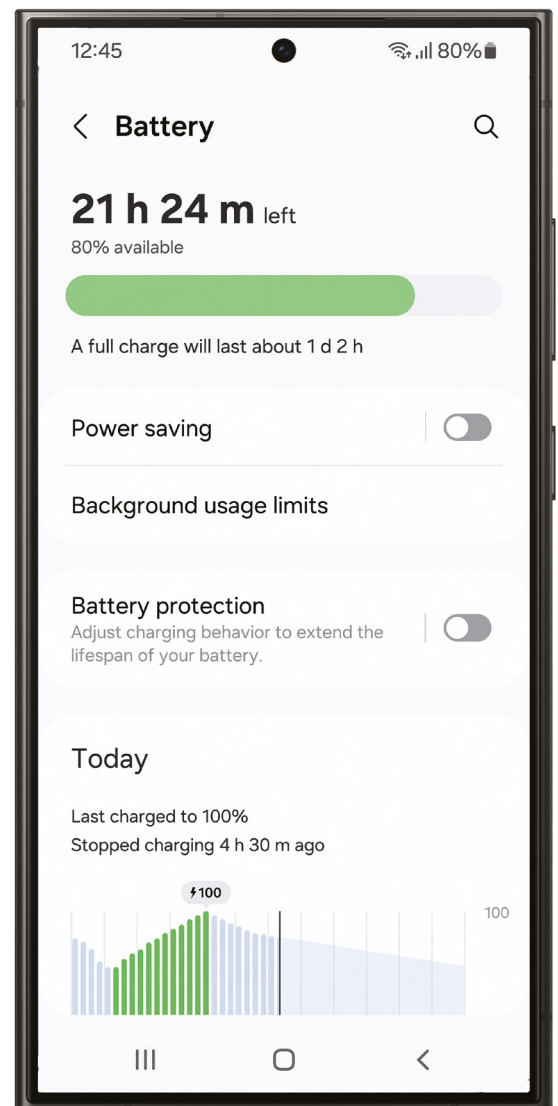

Thanks to the **Snapdragon 8 Gen 3**, the new Galaxy S24 Series is powered with unparalleled AI capabilities, transforming the user experience into a realm of limitless possibilities. From checking emails, surfing the web to working on documents, stay powered up all day on a single full charge. Navigate the digital world without constant interruptions with a battery<sup>1</sup> that allows for up to 30 hours video playback<sup>2</sup> – striking a balance between performance and efficiency. Experience visual brilliance, fortified with enhanced durability by **Gorilla Glass Victus 2** and **Enhanced Armor Aluminium** to improve durability. The Adaptive Refresh Rate, ranging from 1 to 120Hz across all models, ensures optimised power consumption –offering an overall efficient experience.

## Quick & Private Share

Share ideas with your colleagues swiftly and securely. With **Private share**, you can be assured of quick, seamless data-sharing that is confidential across devices–without the risk of privacy invasion or loss of ownership.

## Precision and Control

Best known for its ability to deliver precise input, the intelligent **S Pen<sup>3</sup>** is designed to offer a natural, responsive writing and drawing experience for creative and productive tasks.

# Galaxy AI ✨

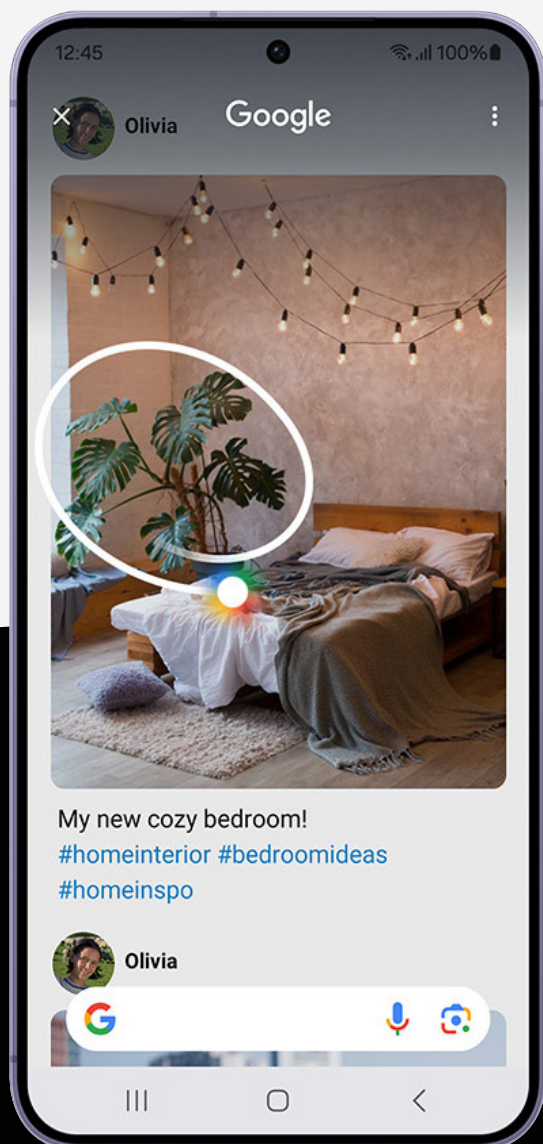

## Intelligent Communications

With Galaxy AI built into the new Galaxy S24 Series, teams can now work seamlessly and collaboratively across borders.

New Feature!

### Circle to Search\*

Search with a simple gesture to find what you want instantly

### Live Translate\*\*

Break language barriers in real time, and foster seamless communication among teams

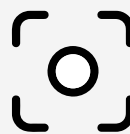

### Tone Tweak\*\*\*

Smart responses tailored to the conversation's nuances

### Intelligent Summary

Distills key points for quick, efficient comprehension

### Smart Capture

Enhances photo clarity with intelligent scene recognition

### Samsung Notes

Effortless cover and format creation for personalized content management

\*Circle to Search - Results may vary depending on visual matches. Requires internet connection. Users may need to update Android to the latest version. Product functionality may be dependant on your app and device settings. Some functions may not be compatible with certain apps. Availability of the service varies by country and language. Accuracy of results is not guaranteed.

\*\*Live Translate requires a network connection and Samsung Account login. Live Translate is only available on the pre-installed Samsung Phone app. Certain languages may require language pack download. Service availability may vary by language. Accuracy of results is not guaranteed.

\*\*\*Tone Tweak - Tone suggesting feature in Chat Assist requires a network connection and Samsung Account login. Must meet length requirements to activate feature. Service availability may vary by language. Accuracy of results is not guaranteed.

# Open means Versatile

Work the way you want to. With the Galaxy S24 Series, you can seamlessly switch to our open ecosystem of devices and services, and grow your business without limits.

## Galaxy Connected Experience

Do more than just track your fitness and play your favourite music on your Galaxy Watch6 and Galaxy Buds2 Pro. Now you can unite your world across phone, PC, tablet, Buds and Watch. Galaxy devices all work together seamlessly, so you can do more effortlessly. From answering calls on your Galaxy Tab, to opening mobile apps on your Galaxy Book. Galaxy breaks down barriers for one connected experience.

## Open Ecosystem

Work with absolute flexibility with **Samsung DeX**, a built-in feature that goes beyond screen mirroring to extend your device into a PC-like dual screen experience.

Just add a monitor\* to take full advantage of the processing power of the Samsung Galaxy S24 Series and access capabilities like launching and resizing multiple apps, using keyboard shortcuts and right click mouse functions. Most core business apps have been optimised for **Samsung DeX**, including Microsoft Office, Acrobat Reader, Zoom, and Google Drive.

Share presentations or multimedia on a larger monitor while still using your phone as a phone-like sharing notes with your team, taking a call when reviewing documents, or even using it as a touchpad for navigation, without breaking flow.

**Link to Windows** allows you to connect your compatible windows PC to your new device. This allows you to see your notifications, make calls, send and receive text messages. It even allows you to mirror your Galaxy's screen on your PC, giving you full access to your favourite mobile apps right on your computer.

\*Monitory sold separately.

## Work and Play

Unlock photography excellence with Galaxy AI: zoom flawlessly, conquer low-light challenges with **Nightography**. Experience magic as AI removes reflections, transforming your images with seamless resizing, retouching, and remastering.

The Galaxy S24 Series effortlessly balances work and play. Its advanced camera coupled with Galaxy AI, is perfect for professional use, while powerful processors and ample storage enhance productivity. Additionally, during travel or concerts, the device captures memorable moments with stunning photos and immersive audio, providing a seamless transition between work and leisure.

# Open means Secure

Have the privacy you want and the security you need with trusted partners through an open ecosystem. Businesses can rely on the integrity of our devices with end-to-end real time protection via Samsung Knox.

## Biometric Authentication & Data Transparency

Using your fingerprint as a reliable and convenient form of identity verification, you can enjoy swift and personalised device unlocking with **biometric authentication** for **enhanced security**.

Keep your phone safe by blocking threats and other suspicious activity with **Auto Blocker**. Not only will you be able to block apps from unauthorised sources, you'll be able to block commands by USB to prevent malicious chargers, computers and other devices.

Moreover with **Knox Vault**, your passwords and biometric data are stored separately as an added security to protect you from hardware attacks.

Experience transparency and control through the security and privacy dashboard – putting you in charge of your data, fortifying security, and ensuring personalised privacy settings.

## Samsung Knox

**Samsung Knox** ensures connected devices stay protected and productive. With seamless configuration and management; it fortifies security, creating a robust environment for uninterrupted connectivity and optimal productivity.

### End-to-end secure hardware

Ensures comprehensive protection for enhanced data security

### Real time threat detection

Instantly detects and neutralises threats in real time, ensuring continuous security vigilance

### Collaborative protection

Unites forces for enhanced security through collective defence and shared intelligence

## Enterprise Edition

Galaxy Enterprise Edition is a complete package of mobile technology and services designed to give you more. The Galaxy S24 Series come with 1-year of Knox Suite providing tools to secure, deploy and manage devices throughout their life cycle. Plus a 2-year product life Cycle (PLC) and up to 5-year Security Maintenance Release (SMR) for uninterrupted business continuity.

To discover more, please visit [www.samsung.com/business/mobile](http://www.samsung.com/business/mobile)

## Samsung Care+ For Business\*

Cover your Samsung Galaxy S24 Series with Samsung Care+ for Business to enjoy first-rate protection, with claims, support and repairs handled without delay. From hassle-free repairs to accidental damage coverage and an extended warranty of up to three years, we've got your back.

## Enterprise Technical Support (ETS)

Keep your mobile workforce running efficiently and seamlessly with a dedicated Samsung account manager at your service. Our experts will provide a personalised end-to-end support coverage across devices, operating systems, and solutions – all direct from Samsung.

- 1 Actual battery life varies by network environment, features and apps used, frequency of calls and messages, the number of times charged, and many other factors. Based on Samsung internal lab test conditions with pre-release version of given model connected to earphone via Bluetooth under default settings over LTE. Estimated against battery capacity and measured current over battery power consumption during video playback (video file resolution 720p, saved on device). Actual video playback time varies by network connection, settings, video file format, screen brightness, battery condition and many other factors.
- 2 Video playback hours measured is only for the Samsung S24 Ultra. Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated capacity is 3880mAh for Galaxy S24, 4755mAh for Galaxy S24+ and 4855mAh for Galaxy S24 Ultra. Estimated against the average usage profile compiled by UX Connect Research. Independently assessed by UX Connect research between 2023.11.25-2023.12.15 in US and UK with pre-release versions of SM-S921, SM-S926 and SM-S928 under default setting using LTE and 5G Sub6 networks. NOT tested under 5G mmWave network. Compared to Galaxy S23 and S23+.
- 3 Built-in S Pen is compatible only with the Galaxy S24 Ultra. Air Command and Air Action feature availability may vary by model or app.
- 4 Requires optimal 5G connection. Generative Edit requires a network connection and Samsung Account login. Editing with Generative Edit results in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. Samsung Account login may be required to use certain Samsung AI features. Samsung does not make any promises, assurances or guarantees as to the accuracy, completeness or reliability of the output provided by AI features. Galaxy AI features on supported Samsung Galaxy devices may be subject to associated fees. AI features provided by third parties are subject to third parties' terms and conditions. Sequences shortened and simulated. Results for illustrative purposes only. Results may vary depending on visual matches. Requires internet connection. Users may need to update Android to the latest version. Product functionality may be dependent on your app and device settings. Some functions may not be compatible with certain apps. Availability of the service varies by country and language. Accuracy of results is not guaranteed. Note Assist requires a network connection and Samsung Account login. Character limit applies. Service availability may vary by language. Accuracy of results is not guaranteed. Edit Suggestion is compatible with JPG, PNG, GIF and MP4 formats. Edit results and quality may vary depending on the photography or filming condition. Accuracy of results is not guaranteed.
- 5 Measured diagonally in full rectangle. Actual viewable area is less due to rounded corners and/or camera hole. Measured diagonally, Galaxy S24's screen size is 6.2" in the full rectangle and 6.0" accounting for the rounded corners, Galaxy S24+'s screen size is 6.7" in the full rectangle and 6.5" accounting for the rounded corners, and Galaxy S24 Ultra's screen size is 6.8" in the full rectangle and 6.8" accounting for the rounded corners. The Dynamic AMOLED 2X display on Galaxy S24 Ultra received a certification from VDE Germany for 100 percent Mobile Colour Volume in the DCI-P3 colour range, which means your images aren't washed out and you'll get unbelievably vivid colours regardless of differing levels of brightness. The display can achieve peak brightness of up to 2600 nits, improving the contrast between dark and light aspects of digital content for a more brilliant picture quality, with a 5,000,000:1 contrast ratio to make your mobile experience more immersive. The Dynamic AMOLED 2X display on Galaxy S24 and S24+ received a certification from VDE Germany for 100 percent Mobile Colour Volume in the DCI-P3 colour range, which means your images aren't washed out and you'll get unbelievably vivid colours regardless of differing levels of brightness. The display can achieve peak brightness of up to 2600 nits, improving the contrast between dark and light aspects of digital content for a more brilliant picture quality, with a 5,000,000:1 contrast ratio to make your mobile experience more immersive. The bandwidths supported by the device may vary depending on country, region or carrier.
- 6 Dimensions measured in millimetres.
- 7 Memory specifications may vary depending on country, region or carrier. Actual storage availability may vary depending on pre-installed software. Availability of storage options may vary depending on country, region or carrier. Select storage options may only be available on Samsung.com.
- 8 3x and 5x distances are optical zoom. 2x and 10x distances are optical quality zoom. 12MP 2x optical quality zoom is enabled by the Adaptive Pixel sensor. 100X Space Zoom includes 10x optical quality zoom and 100x digital zoom with Super Resolution technology. Zoom distances past 10x zoom may express some image deterioration. AI Zoom is applied to distances between digital zoom lengths. Accuracy of results is not guaranteed. Generative Edit requires a network connection and Samsung Account login. Editing with Generative Edit results in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. Edit Suggestion is compatible with JPG, PNG, GIF and MP4 formats. Edit results and quality may vary depending on the photography or filming condition. Accuracy of results is not guaranteed. 30X Space Zoom includes 3x optical zoom and 30x digital zoom with Super Resolution technology. Zoom distances past 3x zoom may express some image deterioration.
- 9 AP chipset type may vary depending on country and carrier.
- 10 \*Titanium is only applied on the device frame. Frame does not include volume and side keys.  
\*Back panel is made with Corning® Gorilla® Glass Victus® 2. \*Galaxy S24, S24+ and S24 Ultra and Galaxy S24 Ultra's S Pen are rated as IP68. \*Based on lab test conditions for submersion in up to 1.5 metres of freshwater for up to 30 minutes. Not advised for beach or pool use. Water and dust resistance of device is not permanent and may diminish over time. Frame does not include volume and side keys.
